SUMMARY

Software Developer with 3+ years of experience. Leveraging knowledge & expertise across multiple areas of software development and design to create memorable experiences for the web. Committed to accessibility, affordability, equity, education, & sustainability.

EXPERIENCE

MAY 2022 - PRESENT
Software Developer | KNLRVR | *Charlotte, NC*

-   Led the design and development of web apps for a variety of clients with excellent functionality and accessibility using various tools (HTML, CSS, JavaScript, React, TypeScript, Postgres, Illustrator, and more)
-   Increased total business revenue by up to 200% by refactoring legacy code, redesigning features, implementing A/B testing, and optimizing for responsiveness.
-   Migrated databases & optimized database queries, resulting in an up to 40% reduction in average query response time, ~$20k reduction in cost, and improving overall applications performance by up to 28%.
-   Accelerated project delivery timelines by 30% by collaborating with cross-functional teams and advocating for transparent communications throughout each sprint cycle.

APRIL 2024 – PRESENT
Outlet Advisor – Warehouse Specialist | Best Buy | *Charlotte, NC*

-   Managed the shipment and receipt of all products, materials, and supplies while maintaining accurate logs of all moves, counts, and totals for all inventory.
-   Maintained inventory and merchandising standards in high-velocity, high-service environment.
-   Support store strategies under leadership to achieve operating results, growth objectives, and overall financial performance goals.

JANUARY 2022 – JANUARY 2024
IT Help Desk | SouthState Bank | *Remote*

-   Provided technical support to consumers, small businesses, and internal departments related to proprietary & consumer-facing software through calls, emails, and support tickets by utilizing documentation, ticket tracking, and system analysis.
-   Created robust documentation for users' edge cases, leading to average handle time decreasing by 28% in 6 months.
-   Consistently exceeded quarterly, monthly, and annual KPI targets by up to 30%.

EDUCATION

Western Governors University   Salt Lake City, UT
Bachelor of Science in Computer Science   *2023 – 2024 (exp)*

Gaston College   Dallas, NC
Associate of Applied Science in Applications Development   *2020 – 2022*

PROJECTS

STUDICO | *TypeScript, React & Next.js, Tailwind, Convex, Clerk*
Open Live Site | Open Code

-   Designed and developed a comprehensive and robust music production assistance suite web app
-   Utilized shadcn and Tailwind for building a cohesive and manageable design system
-   Implemented real-time database for efficient data storage and retrieval using Convex
-   Built file upload and management system, project management system, messaging system, task tracking and management system, notification system, and social system to enhance and accelerate collaboration via the platform.
